PROJECTS

EGS Global - Smart Documentation, Apostille & Visa Platform

[egsglobalnew.vercel.app](#)

Documentation and visa services platform covering MEA and HRD attestation, PCC legalisation and apostille, certified translation, visa and embassy/consular services, plus travel insurance, dummy tickets and meet-and-greet and accommodation assistance. Built a multi-level service catalogue with nested navigation, an authenticated customer portal, enquiry-to-order workflow and document verification tracking. *React | Next.js | Node.js*

Reconnct - Experiences Marketplace (Web + Android)

[reconnct.com](#) | [Google Play](#)

Marketplace with **7 role-based dashboards** on one Node.js/Express + MySQL backend serving a React web app, a team portal and a React Native Android app; slot-based experience builder, Cashfree checkout, PDF vouchers, real-time chat and Firebase push. **Security:** audited with Burp Suite and remediated SQL injection, IDOR, broken access control and unauthenticated open routes; built a payment fraud detection system and added Cloudflare WAF/DNS protection and Microsoft Clarity behaviour analytics. *React | React Native | Node.js | MySQL | Cashfree | Firebase | JWT | Cloudflare*

CypherMind (HACKER-AI) - Autonomous AI Penetration Testing Platform

[hacker-agent-frontend.vercel.app](#)

Autonomous agent running real tools (nmap, sqlmap, nuclei, Metasploit) in a Kali Docker sandbox from plain-language goals; React + Electron client on Node.js with **multi-provider LLM failover**, **RAG over 300+ tools** and CVSS-enriched reporting. *React | Electron | Node.js | Docker | RAG | Vector DB*

Shri Yamuna Infra - Real Estate Community & CRM Platform (Web + Mobile)

[yamunainfra.com](#)

Resident services (food, housekeeping, healthcare, transport, SOS) plus an agent CRM fed by a **WhatsApp lead pipeline** that routes incoming enquiries straight to the assigned agent, and an **AI calling agent** that phones clients, captures requirements, proposes matching properties, answers queries and auto-categorises every lead back into the CRM pipeline. Includes an AI Concierge on RAG and a React Native app. *React | React Native | Node.js | Express | RAG | WhatsApp API*

Abhyas Shala - Mock Test & Exam Preparation Platform (PWA + Android)

[abhyasshala.com](#)

Exam platform for UPSC, BPSC, SSC CGL, IBPS PO and RRB NTPC: React 19 + Vite timed engine with bilingual rendering; Node.js + PostgreSQL backend with JWT auth, Cashfree subscriptions, invoice PDFs and live ranking; **published on Google Play** as a TWA. *React 19 | Vite | Node.js | PostgreSQL | Nginx*

Holiday Seychelles - Island Travel Booking Platform

[holidays-seychelles.com](#)

MakeMyTrip-style booking engine for hotels, transfers and excursions, integrated with the **TourVisio supplier API** for real-time inventory, availability and pricing. Built search and checkout flows, transaction management with payment reconciliation, voucher generation and a user dashboard for bookings and trip history. *React | PostgreSQL | TourVisio API*
